

Yeou Yuan Machine Co., Ltd.

We have started with precision machining of metal and non-metal parts for use in industrial, wafer fabrication equipment, LCD, military, optoelectronics, and aerospace application since 1992. From initial design to full parts release, we pay attentions to every detail. With careful attitude, we receive many certifications for qualification as a defense industry domestic manufacturer since May, 2003 and now still.

Certification ➡ Certification from Aerospace Industry Development Corporation of Taiwan for the requirements of its Quality System Level AIDC S-200.

➡ Development Industry Certification of Chung-Shan Institute of Science & Technology

➡ Received certification for qualification as a defense industry domestic manufacturer

➡ Certification of SGS ISO9001-2000-UKAS Quality Management System

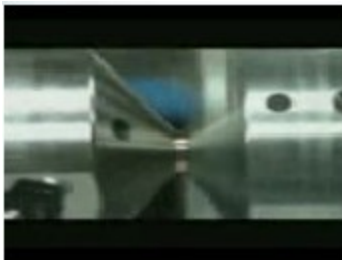

ADD: NO. 106, LN.323, Daliao Rd., Daliao Dist., Kaohsiung, Taiwan, R.O.C.

Yeou Yuan Machine Co., Ltd.

CNC Fully-Automated Coil Winding Machine

- › Multi Spindle Coil Winder
- › Multi Spindle High Speed Coil Winder
- › Voice Coiler Winder
- › Fan Motor Winder
- › Auto Toroidal Winder
- › Auto Production Line

Automation: Integration & Planning

- › Promoting Production Lines
- › Machines' Fully-Automated Technology Development
- › Design & Developing Special Machines
- › Electricity-Mechanic Integration Service

Precision Machining of Parts

- › Optoelectronics
- › Military
- › Aerospace
- › Machine
- › QC Department

While specialized in the field of precise parts over ten years, we are reaching out to the transformer and coil industry. We developed a series of winding machine

CNC Auto Multi-Spindle Coil Winder: 6, 8, 10, 12, 16 spindle

CNC Auto Voice Coiler: 1, 2 spindles

CNC Auto Fan Motor Winder: 4 flyers

Automatic Production Line: Three-Phase Auto Production Line, Multi-Phase Auto Production Line and Customized Auto Production Line

友源機械有限公司
